CALIFORNIA INFRASTRUCTURE AND ECONOMIC DEVELOPMENT BANK (IBank)

THE INFRASTRUCTURE STATE REVOLVING FUND (ISRF) PROGRAM

STAFF REPORT

Background / Issue:

On February 23, 2016, the California Infrastructure and Economic Development Bank Board of Directors (IBank Board) passed Resolution No. 16-02 approving lending Infrastructure State Revolving Fund (ISRF) program funds to the Pico Water District (PICO) in an amount not to exceed $5,250,001 to finance an eligible project known as the Pico Water District Infrastructure Replacement Project. The current IBank Board approval requires the following certifications by the Pico Water District:

1. That PICO provide Certification with each interest payment and each principal with interest payment made to IBank, that none of the funds comprise the payment being made to IBank include any funds derived from the sale of recycled water PICO purchases from the Central Basin Municipal Water District.
2. That PICO provide annual certification with the delivery of the annual financial statements affirming debt service coverage ratio requirements and other items as identified in the Installment Sale Agreement.

In order to facilitate an effective annual surveillance process for PICO and IBank, Staff request the IBank Board permit a consolidation of the certification process that includes certification of the source of funds used for payments and standard annual certification requirements for all ISRF transactions. Consolidating the two certifications into a single annual surveillance process will permit Staff to efficiently perform post funding surveillance activities.

Staff has prepared Amended and Restated Resolution No. 16-02 reflecting that PICO is required to provide only Annual Certifications for the duration of the financing term. Further, Amended and Restated Resolution No. 16-02 makes the following ministerial, non-substantive changes to the original Resolution No. 16-02: (i) the approved financing amount has been reduced by one dollar from $5,250,001 to an even $5,250,000; (ii) the reference to IBank’s “Criteria, Priorities, and Guidelines for the Selection of Projects for Financing under the Infrastructure State Revolving Fund (ISRF) Program” (the Criteria) has been updated to reflect the version of the Criteria the IBank Board adopted on February 23, 2016; and (iii) the portion of Section 3 authorizing IBank’s Executive Director, or the Executive Director’s assignees, to execute and deliver the “Financing Agreement” has been revised for consistency with Resolution 16-07 adopted by the IBank Board on March 22, 2016, which superseded former IBank Resolution No. 12-08.

Amended and Restated Resolution No. 16-02 is attached hereto as Exhibit 1 and a redline of Amended and Restated Resolution No. 16-02 against original Resolution No. 16-02 is attached hereto as Exhibit 2.
Staff requests IBank Board approval of Amended and Restated Resolution No. 16-02.

**RECOMMENDATION**

Staff recommends approval of an Amended and Restated Resolution 16-02 directing Staff to consolidate the required certifications that Pico has not used funds derived from the sale of recycled water PICO purchases from the Central Basin Municipal Water District and has complied with the debt service coverage ratio requirements and other required surveillance items into Annual Certifications to facilitate effective post funding surveillance activities for this funding.
