California Infrastructure and Economic Development Bank Investment Policy

1.0 Policy

This Investment Policy and the related Exhibits (collectively, the Policy) are intended to provide guidelines for the prudent investment of funds authorized to be deposited or invested by the California Infrastructure and Economic Development Bank (IBank) and outline the policies for maximizing the efficiency of IBank's cash management system.

2.0 Scope

It is intended that this Policy cover the deposit or investment of all funds belonging to IBank, and any and all programs of IBank, and any other fund or program approved by the IBank Board of Directors (Board) unless otherwise required by law, regulation, or IBank's directives and requirements, excepting the following funds:

- Funds of entities for which IBank serves as the conduit issuer of bonds.

3.0 Objectives

The overall program shall be designed and managed with a degree of professionalism worthy of the public trust. Consistent with Government Code section 53600.5,¹ which establishes investment objectives for municipal entities, the primary objectives, in order of priority of IBank's investment activities shall be:

- 1) Safety.** Safety of principal is the foremost objective of the investment program. IBank's investments shall be undertaken in a manner that seeks to ensure preservation of capital in the overall portfolio through the mitigation of credit risk and interest rate risk. Credit risk is the risk of loss due to the failure of the security issuer or backer. Interest rate risk is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates.
- 2) Liquidity.** IBank's investments will remain sufficiently liquid to enable IBank to meet reasonably anticipated cash flow requirements.
- 3) Return on Investment.** IBank seeks to enhance its financial return consistent with the prudent protection of its investments while conforming to all applicable state statutes governing the investment of these public funds.

¹Government Code section 53600.5 establishes overall objectives for investment by local government entities. While this section does not specifically apply to IBank, it articulates the Legislature's overarching policy guidance on the investment of public funds: "When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, the primary objective of a trustee shall be to safeguard the principal of the funds under its control. The secondary objective shall be to meet the liquidity needs of the depositor. The third objective shall be to achieve a return on the funds under its control."

4.0 Prudence

The Executive Director, as the individual authorized to make investment decisions on behalf of IBank, shall be held to the following prudent investor standard applicable to California municipal entities:

When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency.²

5.0 Delegation of Authority

Government Code section 63023 authorizes, among other things, the Executive Director to, pursuant to Board resolution, establish procedures and guidelines for IBank programs, and to invest money within the California Infrastructure and Economic Development Bank Fund (the IBank Fund) and the California Infrastructure Guarantee Trust Fund (the Guarantee Fund). Government Code Section 63025.1(v) authorizes the Board to delegate to the Executive Director the authority to “Invest any moneys held in reserve or sinking funds, or any moneys not required for immediate use or disbursement, in obligations that are authorized by law for the investment of trust funds in the custody of the Treasurer.”

Government Code Section 63052(d) authorizes the investment of moneys within the IBank Fund, including any bond sale proceeds, that are not required for IBank’s current needs in eligible securities specified in Government Code Section 16430. Government Code Section 63052(h) requires that IBank invest IBank Fund moneys that exceed IBank’s current cash requirements.

Government Code Section 63062 authorizes the investment of moneys within the Guarantee Fund that are not required for IBank’s current needs in eligible securities specified in Government Code Section 16430.

Government Code Section 63089.4 authorizes IBank’s investment of California Small Business Expansion Fund (the Expansion Fund) money, and Expansion Fund money that is held in trust by a financial institution or a financial company (the Trust Fund). Government Code Section 63089.52(a) directs that the program manager of the California Small Business Finance Center (the Program Manager), with the Executive Director’s approval, require the trustee of any Trust Fund moneys to invest in any securities described in Government Code Section 16430. Government Code Section 63089.52(b) provides that any investment in Government Code Section 16430 securities shall be governed by an investment policy approved by the IBank Board.

This Investment Policy constitutes (1) the Board-approved procedures and guidelines directing the Executive Director’s investment of money within the IBank Fund and the Guarantee Fund, all pursuant to Government Code Section 63023; (2) the Board’s delegation of authority to the Executive Director to invest money, pursuant to the dictates of this Investment Policy, as set forth in Government Code Section 63025.1(v); (3) the Board’s direction to the Executive Director to invest moneys in the IBank Fund and the Guarantee Fund, as directed by this Investment Policy, as set forth in Government Code Sections 63052 and 63062; (4) the Board’s approval of the investment of Expansion Fund and Trust Fund moneys pursuant to the dictates of this Investment Policy, as set forth in Government Code Sections 63089.4 and 63089.52(a); and (5) the “investment policy” required under Government Code

Section 63089.52(b).

Consistent with its authority under Government Code sections 63023(a), (b), (g), and (h), 63025.1(v), 63052, 63062, 63089.4, , the Executive Director is authorized to deposit and invest those funds that are within the scope of this Investment Policy. The Executive Director shall assume full responsibility for those transactions until the delegation of authority is revoked by the Board. The Executive Director shall determine when it is appropriate to use the services of an external investment advisor to provide funds management and advisory services to IBank based on the complexity or uniqueness of the investment or complexities resulting from market conditions (such as a disruption in a particular type of security).

The Executive Director shall establish an Investment Advisory Committee (IAC), which shall advise the Executive Director regarding the deposit, investment and management of IBank money held by IBank that is not currently required for the administration or operation of IBank or the payment of debt service on IBank obligations (IBank Investment Funds), all in a manner consistent with this Investment Policy. The IAC shall include the Executive Director, Chief Deputy Executive Director, Chief Credit Officer, Chief Compliance Officer, and Fiscal Management Officer. Upon the request of the Executive Director, an external investment advisor may also advise the IAC and the Executive Director regarding the deposit, investment and management of IBank Investment Funds. The Executive Director shall make all deposit and investment decisions in strict accordance with applicable state law and this Policy and any other written instructions as are subsequently adopted by the Board.

The Executive Director shall designate certain staff members and, when authorized, an external investment advisor to perform the day-to-day funds management operations of IBank. All deposits and investments shall be made in strict accordance with the deposit and investment decisions of the Executive Director.

²Government Code section 53600.3.

6.0 Internal Controls

The Executive Director shall be responsible for all transactions undertaken by IBank's staff or its external investment advisor, and shall establish a system of controls to regulate the activities of internal staff and any external investment advisors. No person may engage in any deposit or investment transaction pertaining to the IBank Investment Funds except as provided under the terms of the control procedures established by the Executive Director.

7.0 Ethics and Conflicts of Interest

The Executive Director, the members of the IAC, IBank employees and investment advisors involved in funds management operations shall refrain from personal business activities that could conflict with the proper execution of the funds management program, or which could impair their ability to make impartial investment decisions, advise on investment decisions, or perform their fund management activities impartially, as applicable.

8.0 Authorized Financial Institutions, Depositories and Broker/Dealers

It shall be IBank's policy when engaging directly in the purchase or sale of securities as provided in this Investment Policy to do so only with properly licensed institutions and firms that have been approved by the State Treasurer's Office (STO). If an external investment advisor is authorized to conduct investment transactions on IBank's behalf, the investment advisor shall use its own list of approved broker/dealers and financial institutions for investment purposes.

Any deposits of IBank Fund moneys made by IBank or its external investment advisor shall be made in qualified public depositories pursuant to Government Code Section 63052(d). Any such deposits of Guarantee Fund moneys shall be made in qualified public depositories pursuant to Government Code Section 63062(a). Any such deposits of Expansion Fund or Trust Fund moneys shall be made in qualified depositories as permitted by State law.

IBank shall invest any proceeds of IBank's direct bonds that are held outside of the State Treasury, to the extent applicable, in a manner consistent with Government Code Section 63081 and Federal and State tax law. To the extent Government Code Section 63081 is not applicable, such proceeds will be invested in compliance with Federal and State tax law following consultation with IBank's financial advisor retained in connection with any such bond sale

9.0 Safekeeping and Custody

All security transactions entered into by IBank shall be conducted on a delivery versus payment basis to ensure that securities are deposited in an authorized financial institution prior to the release of funds. The delivery of collateral associated with a repurchase agreement will be settled according to the associated master repurchase agreement.

All cash and securities in IBank's portfolio shall be held for safekeeping in IBank's name by a third party financial institution trust department, acting as agent for IBank under the terms of a custody agreement executed by the third party financial institution and IBank. The only exception to the foregoing shall be depository accounts and securities purchases made with: (i) funds held in the State Treasury, (ii) permitted money market mutual funds, (iii) permitted structured investment products used for bond fund investments which by their terms are not deliverable and (iv) securities purchased

pursuant to a repurchase agreement for the investment of funds held by a bond trustee that are held in the name of the bond trustee for the benefit of IBank. Evidence of each of these investments will be maintained by IBank’s Executive Director.

- Direct the deposit or investment of such IBank Investment Funds in accordance with the provisions of the applicable bond indenture, trust agreement or other similar agreement entered into pursuant to a resolution of the Board.

- When the provisions of the applicable bond indenture, trust agreement or other similar agreement entered into pursuant to a resolution of the Board provide no guidance as to the investment of funds, direct the deposit or investment of such IBank Investment Funds in a manner consistent with the investment restriction set forth in Sections 10.1 or 11.1, as applicable.

12.0 Prohibited Investments

Any investment or deposit not specifically authorized pursuant to Section 10.1 or 11.1, above (including Exhibits A and B referenced therein), but otherwise permitted by law, is prohibited unless otherwise approved by prior action of the Board. Investments in inverse floaters, range notes, interest-only strips that are derived from a pool of mortgages, or any security that could result in zero interest accrual if held to maturity are specifically disallowed.

13.0 Maximum Maturities

It is the objective of IBank to accurately monitor and forecast revenues and expenditures so that IBank can invest funds to the fullest extent possible. Funds of IBank will be invested in accordance with sound treasury management principles.

No investment shall be made in any security, other than a collateral security underlying a repurchase agreement or collateral for any permitted investment agreement, that at the time of the investment has a term remaining to maturity in excess of five years, unless otherwise authorized by the Act (in particular, Government Code Section 63081) or herein, or the Board has granted express authority to make that investment or has authorized an investment program of a longer maturity that is applicable to such investment.

Notwithstanding the prior paragraph, bond reserve funds and bond revenue funds may be invested beyond five years if prudent in the opinion of the Executive Director.

14.0 Credit Criteria

In the event a security in which IBank funds are invested is subject to a rating change that brings it below the minimum credit ratings specified in this Policy or the applicable bond indenture or other applicable bond document, the Executive Director shall notify the Board of the change at their next regularly scheduled meeting along with the funds management decision taken or proposed to be taken. Such funds management decisions will be made by the Executive Director on a case-by-case basis, considering such factors as the reason for the change, prognosis for recovery or further rating drops, and the market price of the security.

⁴ Including the investment of certain funds pertaining to ISRF Program Bonds and any other bonds investments directed by IBank.

15.0 Performance

16.0 Reporting

The Executive Director shall submit a monthly deposit and investment transaction report and a quarterly investment report to the Board. Except for funds invested in SMIF, the quarterly report shall include the following information for each individual investment: description of investment instrument, issuer name, maturity date, credit rating, coupon rate, effective yield, purchase price, par value, book value, current market value and the source of the valuation.

The quarterly investment report shall also identify whether any investment fails to comply with this Policy and the plan for bringing that investment into compliance, and include a statement denoting the ability of IBank to meet its expenditure requirements for the next six months, or provide an explanation as to why sufficient money may or may not be available. The quarterly investment report shall be submitted the later of 30 days following the end of the month covered by the report, or the next scheduled IBank Board meeting.

The Executive Director shall monitor the status of the funds held by the trustees for the ISRF Program Bonds and any other bonds investments directed by IBank to ensure that each issue's arbitrage rebate status is tracked and reported in compliance with the provisions of the Internal Revenue Code and related Treasury Regulations.

17.0 Policy Adoption

This Policy shall be reviewed annually by the Board. Any change in the Policy shall be reviewed and approved by the Board at a regularly scheduled meeting.
